Quarterly Activities/Project Description*		
<p>Program will fund 3 projects. 1) The Transit Information Network project additions would expand on the Transit Information Network (TIN) currently being designed and installed for the City of Santa Clarita. The first phase of TIN will introduce an Automatic Vehicle Location (AVL) system that will allow City of Santa Clarita Transit customers to receive real-time arrival information via the web and electronic signage installed at key bus stops throughout the transit system. In addition, the first phase will include a route planning and scheduling application. Project has not yet started. 2) The City of Santa Clarita is in the process of implementing a Smart Card bus fare payment system on its local and commuter bus fleet. Smart Cards work like the "Mobil Speedpass." Customers can store a cash value or a bus pass on the Smart Card. Appropriate fares will be deducted from the card by the fare box in the bus, leaving the remaining value on the card. Smart Cards allow for the collection of more detailed ridership data for use in route planning and travel time studies, as well as development of a seamless regional transit system. This project will add our para-transit fleet to the mix, allowing patrons of this service the ease and flexibility of using our local, commuter</p>
